

PLANT SUBSCRIPTIONS

Your first plant will be with you soon.

No need to do anything. Every month, for the next 12 months, you can enjoy a selection of the best indoor, flowering house plants, designed and delivered to you in their very own container.

You will receive 12 deliveries in total, each one guaranteed to brighten your day.

A little note about your plant delivery:

After your first delivery, subsequent deliveries will be made on or around the 18th of each month. The exception to delivery on or around the 18th of each consecutive month will be where the 18th of the month falls on a Sunday or a Bank Holiday, in which case delivery will be made on the first available working day thereafter.
